ROADTOUR CONNECT® AS

TOURING | ALL-SEASON

It all starts with a connection.

Today's customers want a replacement tire that can deliver safety and performance they can rely on, without breaking the bank. Fortunately, with our eight years of product development, 70+ years of market expertise, and an industry-leading Hercules Performance Promise warranty, making the connection to the Roadtour Connect® AS, an easy choice. This new-and-improved touring tire connects the dots with enhanced features that drivers can rely on, in any season.

Features and Benefits

1 Prolonged Tire Lifespan

Next-gen compound technology boosts the UTQG to 600 A A and upgrades the mileage warranty to 55,000 miles when compared to its predecessor.

2 Year-Round Traction

Intricate tread block geometry strategically enhanced with high-density siping and grooves, work in tandem to provide greater control when braking, exceptional driving stability, and well-rounded all-season capability bolstered by improved wet and snow performance.

3 Water Evacuation

Four wide longitudinal grooves actively combat hydroplaning, elevating the driving experience with more traction and control.

4 Ride Comfort

A meticulously engineered tread pattern crafted through advanced digital simulation, creates a distinctive air flow through the tire's shoulder grooves, tuning out road noise for a remarkably pleasant experience.

A SIMPLIFIED STRATEGY

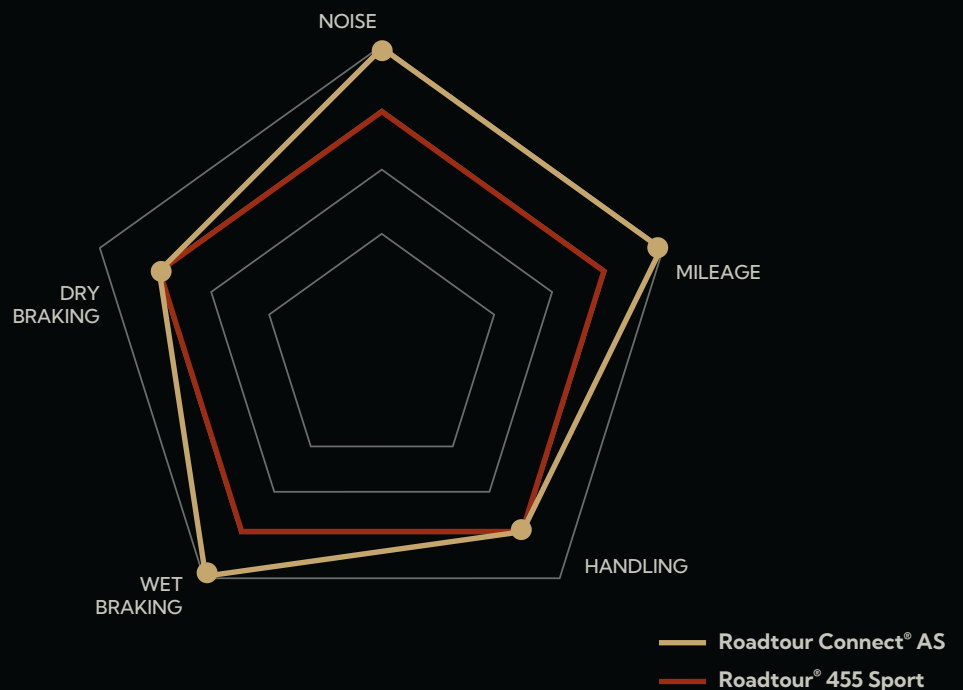

We've streamlined the product screen to reduce your inventory complexity—and simplify the sale.
